

Master Project (MSc Online/Tutored E-Learning)
School of Computer Science

Project Management Log number: 1

Student Name	Colin Younge
SRN	16018361
Supervisor Name	Giseli De Sousa
Project Title	Enhancement of search results by machine learning, in the context of an enterprise knowledge base application
Project Management Tool	GitHub

My focus at the moment is doing some exploratory reading and research around the subject.

I have selected GitHub as my preferred PM tool.
